Press:

Millimeters Mercury now has a cache of songs that have been polished into gems. Whatever they're on to, they're onto something good.

- Chicago Weekly News

Millimeters Mercury are a math-rock aficionado's point of divergence should they care to explore the sounds just to the left of this unique genre: catchy and exciting.

Millimeters Mercury formed in the summer of 2001. Over the past three years we have worked to establish ourselves in the midwest by transforming our passion for rock music into frenetic and contagious live performances. With energetic vocals, angular guitar harmonies, a strong melodic low-end, and stop and go beats, our music has its own sense of rhythmic urgency. We aim to create dynamic math-pop songs that are subtle in their complexity; songs that are catchy on the first listen, but demand several more.

Each of us has played in other bands in Chicago: drummer Chris Vlasses with the Tippler Contingent; bassist Gabe McElwain with the up-and-coming glam-rock band, P1xel and the Chronic Network; guitarist / vocalist, Robert Voyer with the synth-popsters Starlister; and guitarist / vocalist Travis Carter with the folk-rockers First Coat. We have been featured on WHPK's live radio show, Pure Hype three times; once on WLWU's Radio Free Chicago. Our tracks have also been featured on four compilations from Mr. Hyde Records. We have played over 80 shows at some of Chicago's smokiest venues including The Bottom Lounge, Martyrs', The Fireside, and The Empty Bottle as well as several colleges around the midwest. Last summer, we packed our van, Neckface, for a successful tour on the east-coast that included exciting shows at Galapagos Art Space in Brooklyn, NY, and The Galaxy Hut in D.C.

Having sold more than 500 copies of our first DIY EP, *The Mobius Trip*, our first full-length effort, *So Inclined*, and our latest EP, *The Torr EP*, we will tour the midwest and east-coast in August of 2004 in support of our new full-length album *Turbo*, a 12-song effort, recorded with producer Cartier Cutsinger (the Children's Hour, Tub Ring) at Smart Studios in Madison, Wisconsin.
